MEMBER HANDBOOK

Introduction to El Paso Health's STAR Program

Thank you for choosing El Paso Health!

El Paso Health is happy to welcome you to our El Paso Health family. Your child will get covered benefits and services from doctors, hospitals and other medical care providers who are part of the El Paso Health network of providers. El Paso Health and El Paso Health STAR Program, work in partnership with you to provide for you and your families' health care needs.

El Paso Health is a Health Maintenance Organization that provides services to people eligible for the health plan. El Paso Health will provide or arrange for covered services to be available to members enrolling in the health plan.

About Managed Care

El Paso Health is a managed health care program. Managed care allows you to pick your child's primary care provider. This primary care provider could be a doctor, nurse practitioner, or a physician assistant. For this handbook, we will call the primary care provider "doctor or primary care provider (PCP)."

The biggest advantage of managed care is that your child will have his/her own doctor. This doctor makes sure your child gets all the health care they need. It is not up to you to find the services and arrange for those services. You have a doctor who will give you the information you need to make good choices about your child's treatment.

If you don't want your doctors to see your medical and dental information through the secure online network, call toll-free at **1-800-252-8263** or opt out of sharing your health information at **www.YourTexasBenefits.com**.

Medicaid clients do not have to pay bills that Medicaid should pay. It is very important that you tell your doctor, hospital, drug store, and other health care providers right away that you have Medicaid. If you do not tell them that you have Medicaid, you may have to pay these bills. If you get a bill from a doctor, hospital, or other health care provider, ask the provider why they are billing you. If you still get a bill, call the Medicaid hotline at 1-800-252-8263 for help. If Medicaid will not pay the bill or if Medicaid benefits (services and supplies) are denied, you may request a fair hearing by writing to the address or calling the telephone number listed on the letter you get.

NOTE: Family planning clinics and other providers give free physical exams, lab tests, birth control methods (including sterilization), and contraceptive counseling.

El cliente de Medicaid no tiene que pagar cuentas médicas que Medicaid debe pagar. Es muy importante que usted diga inmediatamente a su médico, al hospital, a la farmacia, y a otros proveedores de servicios médicos que usted tiene Medicaid. Si no les dice que tiene Medicaid, puede que usted tenga que pagar estas cuentas. Si usted recibe una cuenta de un doctor, un hospital, u otro proveedor de servicios médicos, pregunte por qué le mandó la cuenta. Si todavía le mandan una cuenta, llame al número directo de Medicaid al 1-800-252-8263 para pedir ayuda. Si Medicaid no va a pagar la cuenta o si se niegan los beneficios de Medicaid (los servicios o los artículos), usted puede pedir por escrito una audiencia imparcial. La dirección y el número de teléfono aparecen en la carta que recibió.

NOTA: Las clínicas de planificación familiar y los otros proveedores ofrecen gratis exámenes físicos, análisis de laboratorio, métodos anticonceptivos (inclusive la esterilización) y consejería sobre los anticonceptivos.

PROVIDER INFORMATION/INFORMACION PARA EL PROVEEDOR

Only those people listed under "CLIENT NAME" have Medicaid coverage. Payment is allowed ONLY for services received during the eligibility dates reflected on the front of this form.

PLEASE NOTE: Payment of Family Planning Services is available without the consent of the client's parent or spouse. Confidentiality is required. Family planning drugs, supplies, and services are exempt from the prescription drug and "LIMITED" restrictions.

Key to terms that may appear on this form:

LIMITED—Except for family planning services, and for Texas Health Steps (EPSDT), medical screening, dental, and hearing aid services, the client is limited to seeing the doctor **and/or** limited to using the pharmacy named on the form for drugs obtained through the Vendor Drug Program. In the event of an emergency medical condition as defined below, the "LIMITED" restriction does not apply.

EMERGENCY—The client is limited to coverage for an emergency medical condition. This means a medical condition (including emergency labor and delivery) manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson (who possess an average knowledge of health and medicine) would think that the absence of immediate medical attention could reasonably be expected to result in (1) placing the patient's health in serious jeopardy, (2) serious impairment to bodily functions, or (3) serious dysfunction of any bodily organ or part.

HOSPICE—The client is in hospice and waives the right to receive services related to the terminal condition through other Medicaid programs. If a client claims to have canceled hospice, call the local hospice agency or DHS to verify.

QMB—The Medicaid agency is providing coverage of Medicare premiums, deductible, and coinsurance liabilities, but the client is not eligible for regular Medicaid benefits.

MQMB—The Medicaid agency is providing regular Medicaid coverage as well as coverage of Medicare premiums, deductibles, and coinsurance liabilities.

PE—Medicaid covers only family planning and medically necessary outpatient services.

STAR/STAR+PLUS HEALTH PLAN—The client is enrolled in the Medicaid Managed Care program and is assigned to the health plan named on the form.

NOTE TO PHARMACY: Medicaid will pay for more than three prescriptions each month for any Medicaid client who is under age 21, or lives in a nursing facility, or has the STAR/STAR+PLUS Health Plan, or gets services through the Community Living Assistance and Support Services (CLASS), Community-Based Alternatives (CBA) and other non-SSI community-based waiver programs. Clients with Medicare who are enrolled in STAR+PLUS may be limited to three prescriptions per month.

PRIMARY CARE PROVIDERS

What do I need to bring with me to my doctor's appointment?

When you need to see your child's Primary Care Provider, call his or her office ahead of time and make an appointment for a visit. You will not have to wait long if you do this.

When you call, be ready to tell the receptionist about your child's health problem or question. It is important that you be on time to your child's appointments. If you need to cancel an appointment with your child's Primary Care Provider, please call the Primary Care Provider's office as far in advance as possible.

If your child has a medical problem that needs attention the same day, call his/her Primary Care Provider immediately. Your child's Primary Care Provider will tell you what you need to do. You must take the **Your Texas Benefits Medicaid Card** and your **El Paso Health ID Card** with you when you get any healthcare services.

What is a Primary Care Provider?

Your main health care provider in non-emergency situations

Your child's Primary Care Provider is the first person to call when your child has a health problem or you have a question about his/her health. Your child's Primary Care Provider will provide the care your child needs or direct you to someone else who can help you.

Your Primary Care Provider's role is to:

- Provide preventive care and teach healthy lifestyle choices
- Identify and treat common medical conditions
- Make referrals to medical specialists when necessary

The following are some examples of the services your Primary Care Provider can provide for your child:

- Check-ups that help your child stay healthy
- Vaccines that prevent disease
- Treatment for common health problems
- Make arrangements for your child to get medical tests or treatment when needed
- Make arrangements for your child to see a specialist (special doctor) when needed
- Help you make decisions about your child's health care, such as whether or not he/she should have an operation

How can I change my Primary Care Provider?

If you decide later that the Primary Care Provider you chose for yourself or for your child does not meet your needs, you may call anytime to pick a different one.

To change your Primary Care Provider, call the El Paso Health Member Services Line at **915-532-3778** or **1-877-532-3778**. A Member Services Representative will help you make the change. We will do everything we can to help you find a doctor that is right for you. Our Member Services Representative will also tell you when you can start seeing your new Primary Care Provider.

Please do not change to a new Primary Care Provider without telling El Paso Health. If you go to a new Primary Care Provider without telling us, the services may not be covered.

If your Primary Care Provider decides to leave El Paso Health and you are under treatment, we will arrange for your continued treatment with your Primary Care Provider until your treatment is complete or you have chosen a new Primary Care Provider that is qualified to treat your condition and is acceptable to you.

Can a specialist ever be considered a Primary Care Provider?

Yes! If you are a woman, you may pick an obstetrician (OB) or gynecologist (GYN) as your Primary Care Provider. Call El Paso Health at **1-877-532-3778** to find an OB/GYN Provider that is also a Primary Care Provider.

You will need to pick a Primary Care Provider for each eligible family Member. You can pick from:

- Pediatricians (they only see children)
- General/family practice (they see all ages)
- Internal medicine (they usually see adults)
- OB/GYNs (they see women)
- Federally Qualified Health Centers/ Rural Health Clinics (RHC/FQHC)

Can a clinic (RHC/FQHC) be my Primary Care Provider?

Yes! El Paso Health lets you pick a clinic as your Primary Care Provider. If you have any questions, call El Paso Health at **1-877-532-3778**.

How do I pick a new Primary Care Provider?

To pick a new Primary Care Provider, follow these simple steps:

- Look at the El Paso Health Primary Care Provider Directory.
- See who speaks your language.
- See who has an office in your neighborhood or if the Primary Care Provider's office is close enough for you to travel to.
- Pick your Primary Care Provider.

Once you pick a Primary Care Provider, call El Paso Health Member Services Helpline at **915-532-3778** or **1-877-532-3778**. An El Paso Health ID card will be sent to you with the name and phone number of your Primary Care Provider.

Remember if you do not pick a Primary Care Provider, a Primary Care Provider will be picked for you. You can always call and pick a new Primary Care Provider if you don't want the one we selected for you.

Be sure to keep your El Paso Health Provider Directory. If you lose it, you may call the El Paso Health Member Services Helpline at **915-532-3778** or **1-877-532-3778**, to get a new copy.

How many times can I change my/my child's Primary Care Provider?

There is no limit on how many times you can change your or your child's primary care provider. You can change primary care providers by calling us toll-free at **1-877-532-3778** or writing to:

El Paso Health

When will my Primary Care Provider change become effective?

If you call to change your Primary Care Provider, the change will happen the day you call to make the change. Once you have changed you/your child's doctor, you will get a new El Paso Health Member ID card with their name and phone number on it.

Are there any reasons why a request to change a Primary Care Provider may be denied?

- The Primary Care Provider you want is not taking new patients.
- The Primary Care Provider you want to change to is not part of El Paso Health.

Can my Primary Care Provider move me to another Primary Care Provider for non-compliance?

A provider may ask that you pick another Primary Care Provider if:

- You often miss visits without calling your Primary Care Provider to say you won't be there.
- You don't follow your Primary Care Provider's advice.
- You and the provider do not get along.
- You miss a lot of appointments.

If your Primary Care Provider requests a change, you will get a letter in the mail. You will be able to pick a new Primary Care Provider. If you do not pick a new Primary Care Provider, one will be picked for you.

Remember, for you to get the best health care, your Primary Care Provider needs to know your medical information. Your medical information is private: only you, your Primary Care Provider, and other authorized people can see them. If you change your Primary Care Provider, be sure to give your new Primary Care Provider any information so you can get the best care possible.

What if I choose to go to another doctor who is not my Primary Care Provider?

Please do not change to a new Primary Care Provider without telling El Paso Health. If you go to a new Primary Care Provider without telling us, the services may not be covered.

But, you may go to any provider who takes Medicaid if you need:

- 24-hour emergency care from an emergency room
- Texas Health Steps
- Family Planning services and supplies

If you need mental health or substance abuse services you should call the Behavioral Health number on your ID card. That number is **1-877-377-6147**. Behavioral Health Services are very private so you do not need the permission of your Primary Care Provider to get these services.

If you need a routine vision exam, you do not need a referral. But if you have an eye problem, get a referral from your Primary Care Provider. Pick a Vision Provider from the El Paso Health Provider Directory. You must pick a provider from El Paso Health Directory.

If your Primary Care Provider sends you to another Primary Care Provider, he/she must give you medical care. If you see another doctor that your Primary Care Provider didn't send you to, you may have to pay your medical bills yourself. If you have questions about what providers you can see call the Member Services Helpline. The number is **915-532-3778** or **1-877-532-3778**.

What is the Medicaid Lock-in Program?

You may be put in the Lock-in Program if you do not follow Medicaid rules. It checks how you use Medicaid pharmacy services. Your Medicaid benefits remain the same. Changing to a different MCO will not change the Lock-In status.

To avoid being put in the Medicaid Lock-in Program:

- Pick one drug store at one location to use all the time.
- Be sure your main doctor, main dentist, or the specialists they refer you to are the only doctors that give you prescriptions.
- Do not get the same type of medicine from different doctors.

To learn more call El Paso Health at **915-532-3778** or toll free at **1-877-532-3778**.

PHYSICIAN INCENTIVE PLAN INFORMATION

CHANGING HEALTH PLANS

What if I want to change health plans?

If you call to change your health plan on or before the 15th of the month, the change will take place on the first day of the next month. If you call after the 15th of the month, the change will take place the first day of the second month after that. For example:

- If you call on or before April 15, your change will take place on May 1.

- You let someone else use your El Paso Health card;
- You let someone else use Your Texas Benefits Medicaid Card;
- You don't follow your doctor's advice;
- You keep going to the emergency room when you do not have a true emergency;

What is Routine Medical Care?

Routine medical care involves regular checkups by your Primary Care Provider and treatment by him or her when you are sick. During these regular visits, your Primary Care Provider can give you prescriptions for medicine, and send you to a special doctor (specialist) if you need one.

It is important that you do what your Primary Care Provider says and that you take part in decisions made about your health care. If you cannot make a decision about your health care, you can pick someone else to do it for you.

How soon can I expect to be seen?

When you need to see your Primary Care Provider, call the Primary Care Provider at the number on your El Paso Health ID card. Someone in the Primary Care Provider's office will set a time for you. It is very important that you keep your appointment. Call early to set up visits, and call back if you need to cancel. If more than one member of your family needs to see the doctor, you need an appointment for each person.

Your doctor is available 24 hours a day either in person or by telephone. If your doctor is not available, he or she will have another doctor available for you. This includes weekends and holidays. For routine medical care, your Primary Care Provider should see you within two weeks. If you have a condition that needs medical attention the same day, your Primary Care Provider can help you with that.

What is Urgent Medical Care?

Another type of care is urgent care. There are some injuries and illnesses that are probably not emergencies but can turn into emergencies if they are not treated within 24 hours. Some examples are:

- Minor burns or cuts
- Earaches
- Sore throat
- Muscle sprains/strains

What should I do if my child or I need urgent medical care?

For urgent care, you should call your doctor's office even on nights and weekends. Your doctor will tell you what to do. In some cases, your doctor may tell you to go to an urgent care clinic. If your doctor tells you to go to an urgent care clinic, you don't need to call the clinic before going. You need to go to a clinic that takes El Paso Health Medicaid. For help, call at **915-532-3778** or toll-free at **1-877-532-3778**.

How soon can I expect to be seen?

You should be able to see your doctor within 24 hours for an urgent care appointment. If your doctor tells you to go to an urgent care clinic, you do not need to call the clinic before going. The urgent care clinic must take El Paso Health Medicaid.

What if I need to see a special doctor (specialist)?

For most healthcare services, your Primary Care Provider will be the only one you will need to see. But if you have a special health condition, your Primary Care Provider may arrange for you to see a special doctor (specialist). This is a doctor who has the special skills needed to treat you. In that case, your Primary Care Provider will give you a form (referral) to take to the specialist.

How soon can I expect to be seen by a specialist?

Call the specialist to make an appointment. If you have an urgent situation, the specialist should see you within 24 hours. For routine care, the specialist should see you within two weeks.

Some specialists include:

- a doctor who specializes in women’s health (Gynecologist)
- a doctor who takes care of pregnant women and delivers babies (Obstetrician)
- a doctor for the bones (Orthopedist)
- a doctor for blood problems (Hematologist)

REMEMBER that the specialist can give you only those services requested by your Primary Care Provider on the referral form.

The referral is good for a limited number of days. If the specialist says you will need more visits or another referral, the specialist should call your Primary Care Provider or El Paso Health to make sure the added care will be covered.

What are NEMT services?

NEMT services provide transportation to non-emergency health care appointments for members who have no other transportation options. These trips include rides to the doctor, dentist, hospital, pharmacy, and other places you get Medicaid services. These trips do NOT include ambulance trips.

What services are part of NEMT Services?

- Passes or tickets for transportation such as mass transit within and between cities or states, including by rail or bus.
- Commercial airline transportation services.
- Demand response transportation services, which is curb-to-curb transportation: in private buses, vans, or sedans, including wheelchair-accessible vans, if necessary.
- Mileage reimbursement for an individual transportation participant (ITP) to a covered healthcare service. The ITP can be you, a responsible party, a family member, a friend, or a neighbor.
- If you are 20 years old or younger, you may be able to receive the cost of meals associated with a long-distance trip to obtain health care services. The daily rate for meals is \$25 per day, per person.
- If you are 20 years old or younger, you may be able to receive the cost of lodging associated with a long-distance trip to obtain health care services. Lodging services are limited to the overnight stay and do not include any amenities used during your stay, such as phone calls, room service, or laundry service.
- If you are 20 years old or younger, you may be able to receive funds in advance of a trip to cover authorized NEMT services.

If you need an attendant to travel to your appointment with you, NEMT services will cover the transportation costs of your attendant.

Children 14 years old and younger must be accompanied by a parent, guardian, or other authorized adult. Children 15-17 years old must be accompanied by a parent, guardian, or other authorized adult or have consent from a parent, guardian, or other authorized adults on file to travel alone. Parental consent is not required if the health care service is confidential in nature.

How to get a ride?

Your MCO will provide you with information on how to request NEMT services. You should request NEMT Services as early as possible, and at least 48 hours before you need the NEMT service. In certain circumstances you may request the NEMT service with less than 48 hours' notice. These circumstances include being picked up after being discharged from a hospital; trips to the pharmacy to pick up medication or approved medical supplies; and trips for urgent conditions. An urgent condition is a health condition that is not an emergency but is severe or painful enough to require treatment within 24 hours.

You must notify your MCO prior to the approved and scheduled trip if your medical appointment is cancelled.

Yes, you can have direct access. You don't have to pick an OB/GYN as your Primary Care Provider, but if you are pregnant, you should pick an OB/GYN to take care of you and your unborn baby.

How soon can I be seen after contacting my OB/GYN for an appointment?

El Paso Health will help you get the prenatal care that you need within two weeks of your request.

Will I need a referral?

What if I am too sick to make a decision about my medical care?

Sometimes people are too sick to make decisions about their health care. If this happens, how will a doctor know what you want? You can make an **Advance Directive**.

What are advance directives?

An Advance Directive is a letter that tells people what you want to happen if you get very sick. One kind of Advance Directive is a **Living Will**. A will tells your doctor what to do if you are too sick to tell him or her. The other kind is a **Durable Power of Attorney**. A Durable Power of Attorney lets a friend or family member (who you choose) make decisions for you. Any Advance Directive you make starts when you get very sick. It will last until you change or cancel it.

Congress made a law that protects your right to make decisions about your health care if you become very sick. An Advance Directive lets you tell your doctor about your future health care.

An Advance Directive can be helpful to you, your family, and your doctor. It is your right to accept or refuse health care. You can protect this right even if you become mentally ill. You can also protect it if you become physically unable to make decisions about your health care. An Advance Directive helps your family by not making them decide how to care for you if you cannot make your own medical decisions. It helps your doctor by providing the guidelines for your care.

There are two types of Advance Directives:

1. **Living Will:** This lets you tell your doctor about your future health care in case you cannot make your own decisions because you are sick. Your doctor has to follow anything you write about how to provide your health care. This becomes active only if you are unable to make your own decisions.
2. **Durable Power of Attorney:** You can name another person to make decisions for you if you are ever not able to make decisions for yourself. This person can start making decisions for you when you are unable to make your own medical decisions due to any illness or injury (not only life threatening ones).

It is a good idea for you to complete both of these documents. As a patient, you have certain rights. These are:

- You have the right to privacy of your medical records and medical information.
- You have the right to an “Informed Consent.” Your doctor must tell you about both the good things and bad things of any procedure, test, or treatment.
- You have the right to turn down any treatment.
- You have the right to know about your health condition, any treatments, and your chances of getting better.
- In most cases, your doctor will explain Advance Directives and your rights as a patient.

Here are some examples of when you might need to use your Advance Directive:

- Irreversible Brain Damage
- Permanent Coma or any other unconscious state
- Terminal Illness

An Advance Directive can also limit things that help you live longer. It will tell the doctor whether or not to give you these services if you have little chance to get better.

Examples of things that help you live longer are:

- Cardiopulmonary Resuscitation (CPR): used to give back breathing and/or heartbeat.
- Intravenous (IV) Therapy: used to give food and water to you if you cannot eat or drink.
- Feeding Tubes: these are tubes put through your nose or throat to provide you with food if you cannot eat.
- Respirators: these are machines that help you breathe if you cannot breathe on your own.
- Dialysis: this is a machine that cleans your blood if your kidneys do not work.
- Medications: these are medicines that will be used to help keep you alive.
- Restraints: these are used to keep you from hurting yourself.

Advance Directives are only good until they are canceled. If you want to change your health care decisions or if you want to cancel it, inform your doctor.

If you do not cancel your Advance Directive, your doctor will follow your instructions.

Once you give your Advance Directive to your doctor, he must make sure that it is legal before it is good. The law says a “qualified patient” is someone diagnosed and certified in writing to have a terminal illness by 2 doctors. One of these doctors must be your Primary Care Provider. Your Primary Care Provider must personally examine you before you are considered terminally ill.

Other facts:

- A terminal illness is any illness that is not curable.
- The doctor who gives services in the Advance Directive is protected from lawsuits, unless the doctor acts badly.
- The Advance Directive does not become effective until 2 doctors decide that you have a terminal condition and that life-sustaining procedures are the only way to keep you alive.
- The doctor’s statement of terminal illness must be written in your medical records.
- Life sustaining procedures mean mechanical or other “artificial means” of keeping a person alive. This does not include medications or procedures to make you comfortable or to make pain go away.
- The Advance Directive is not good if you are pregnant at the time it is to be carried out. For example, your Advance Directive will not be followed if you are pregnant and suffer an accident that leaves you unable to make your own medical decisions.
- If the doctor follows your Advance Directive, and you tell him you do not want life sustaining procedures, it is not to be considered euthanasia or “mercy killing.” The Advance Directive is a legal paper accepted by Texas law that allows a doctor to give or not give medical treatment depending on what you tell him to do.

How do I get an advance directive?

You can call the Member Services Helpline at **915-532-3778** or **1-877-532-3778** to get an Advance Directive form.

The Durable Power of Attorney for Health Care is an important legal paper. It is very important that you understand what it says before you sign a Durable Power of Attorney for Health Care.

Unless you specifically state otherwise, this paper gives all medical decision-making powers to the person you pick regardless of your religious or moral beliefs. The person you pick is called your “agent.” Your agent has power over all medical decisions made for you while you are not able to make these decisions for yourself.

- Your agent gets power to make medical decisions for you when your doctor decides that you are unable to make decisions on your own.
- Your agent must follow your instructions to make the decisions that you want.
- Your agent has the power to make any decisions that you do not specifically write about.
- You should talk to your doctor about this paper before you sign it.

- The person you pick, as your agent should be someone you know and trust. This person should be over 18 years old. If you pick your doctor, an employee of a home health agency, or an employee of a nursing home, that person has to pick between being your health care provider or your agent. Your agent and your health care provider cannot be the same person.
- You need to tell your agent that you have chosen him/her as your agent.
- Even after you sign this paper, you are able to make medical decisions for yourself until you cannot physically make decisions anymore.
- You may cancel the powers of your agent at any time by telling your agent or doctor, or by signing a new Durable Power of Attorney for Health Care.
- If you pick your spouse as your agent, the Durable Power of Attorney for Health Care is canceled if you get divorced.
- You may not make changes to a Durable Power of Attorney for Health Care. If you want to change any part of it, you must sign another form.
- You have the right to pick a different agent to make your decisions for you if something happens to your first agent.
- You must sign the form in front of 2 or more witnesses over the age of 18.
- The following people may not be witnesses:
 1. The person you pick as your agent;
 2. Your doctor;
 3. An employee of your doctor;
 4. An employee of the facility where you live;
 5. Your spouse;
 6. Your family or beneficiaries named in your will or a deed; or,
 7. Creditors or persons who have a claim against you.

The person you pick may not make medical decisions for you that have to do with voluntary inpatient mental health services, convulsive treatment, psychosurgery, or abortion.

What do I have to do if I need help with completing my renewal application?

El Paso Health is here to help you renew your benefits. Call us at **915-532-3778** if you need assistance with your renewal.

Families must renew their Children's Medicaid coverage every year. In the months before a child's coverage is due to end, HHSC will send the family a renewal packet in the mail. The renewal packet contains an application. It also includes a letter asking for an update on the family's income and cost deductions. The family needs to:

- Look over the information on the renewal application.
- Fix any information that is not correct.
- Sign and date the application.
- Look at the health plan options, if Medicaid health plans are available.
- Return the renewal application and documents of proof by the due date.

Once HHSC receives the renewal application and documents of proof, staff checks to see if the children in the family still qualify for their current program or if they qualify for a different program. If a child is referred to another program (Medicaid or CHIP), HHSC sends the family a letter telling them about the referral and then looks to see if the child can get benefits in the other program. If the child qualifies, the coverage in the new program (Medicaid or CHIP) begins the month following the last month of the other program's coverage. During renewal, the family can pick new medical and dental plans by calling the Children's Medicaid call center at **1-800-964-2777**.

Completing the Renewal Process

When children still qualify for coverage in their current program (Medicaid), HHSC will send the family a letter showing the start date for the new coverage period.

Medicaid renewal is complete when the family signs and sends to HHSC the appropriate Enrollment/Transfer Form if the family picks a new medical or dental plan.

What happens if I lose my Medicaid coverage?

If you lose Medicaid coverage but get it back again within six (6) months you will get your Medicaid services from the same health plan you had before losing your Medicaid coverage. You will also have the same Primary Care Provider you had before.

You may lose your membership in El Paso Health for one of these reasons:

- You move out of El Paso or Hudspeth Counties, or
- You are no longer eligible for Medicaid

You must tell your Health and Human Services caseworker about any changes that affect your eligibility. Examples are changes in income, an address change, or other insurance coverage.

What if I get a bill from my doctor?

Who do I call?

If you get a bill from your doctor, you should call El Paso Health at **915-532-3778** or **1-800-532-3778**. A Member Services Representative will be happy to help.

What information will they need?

Have your El Paso Health ID card and the bill ready.

What do I have to do if I move?

As soon as you have your new address, give it to the local HHSC benefits office and El Paso Health Member Services Department at **1-877-532-3778**. Before you get Medicaid services in your new area, you must call El Paso Health unless you need emergency services. You will continue to get care through El Paso Health until HHSC changes your address.

What if I have other insurance in addition to Medicaid?

MEDICAID AND PRIVATE INSURANCE

You are required to tell Medicaid staff about any private health insurance you have. You should call the Medicaid Third Party Resources hotline and update your Medicaid case file if:

- Your private health insurance is canceled.
- You get new insurance coverage.
- You have general questions about third party insurance.

You can call the hotline toll-free at **1-800-846-7307**.

If you have other insurance you may still qualify for Medicaid. When you tell Medicaid staff about your other health insurance, you help make sure Medicaid only pays for what your other health insurance does not cover.

IMPORTANT: Medicaid providers cannot turn you down for services because you have private health insurance as well as Medicaid. If providers accept you as a Medicaid patient, they must also file with your private health insurance company.

STATE FAIR HEARING

EXTERNAL MEDICAL REVIEW INFORMATION

Can you ask for an External Medical Review?

If you, as a member of El Paso Health, disagrees with our internal appeal decision, you have the right to ask for an External Medical Review. An External Medical Review is an optional, extra step the Member can take to get the case reviewed before the State Fair Hearing occurs. You may name someone to represent you by writing a letter to El Paso Health telling us the name of the person the Member wants to represent you. A provider may be your representative. You or your representative must ask for the External Medical Review within 120 days of the date El Paso Health mails the letter with the internal appeal decision. If you do not ask for the External Medical Review within 120 days, you may lose your right to an External Medical Review. To ask for an External Medical Review, your or your representative should either:

- Fill out the 'State Fair Hearing and External Medical Review Request Form' provided as an attachment to El Paso Health's appeal decision Notice of the Internal Appeal Decision letter and mail or fax it to El Paso Health by using the address or fax number at the top of the form;
- Call the MCO at **915-532-3778** or toll free at **1-877-532-3778**, or;
- Email the MCO at Complaints_Appeals_Department@elpasohealth.com

If you ask for an External Medical Review within 10 days from the time you get the appeal decision from El Paso Health, you have the right to keep getting any service El Paso Health denied, at least until the final State Fair Hearing decision is made. If you do not request an External Medical Review within 10 days from the time you get the appeal decision from El Paso Health, the service El Paso Health denied will be stopped.

You may withdraw your request for an External Medical Review before it is assigned to an Independent Review Organization or while the Independent Review Organization is reviewing your External Medical Review request. An Independent Review Organization is a third-party organization contracted by HHSC that conducts an External Medical Review during your appeal processes related to Adverse Benefit Determinations based on functional necessity or medical necessity. An External Medical Review cannot be withdrawn if an Independent Review Organization has already completed the review and made a decision.

Once the External Medical Review decision is received, you have the right to withdraw the State Fair Hearing request. If you continue with the State Fair Hearing, you can also request the Independent Review Organization be present at the State Fair Hearing. You can make both of these requests by contacting the El Paso Health at 1145 Westmoreland Drive, El Paso, Texas 79925 or call **915-532-3778** (toll free: **877-532-3778**), or the HHSC Intake Team at EMR_Intake_Team@hhsc.state.tx.us.

If the Member continues with a State Fair Hearing and the State Fair Hearing decision is different from the Independent Review Organization decision, it is the State Fair Hearing decision that is final. The State Fair Hearing decision can only uphold or increase Member benefits from the Independent Review Organization decision.
