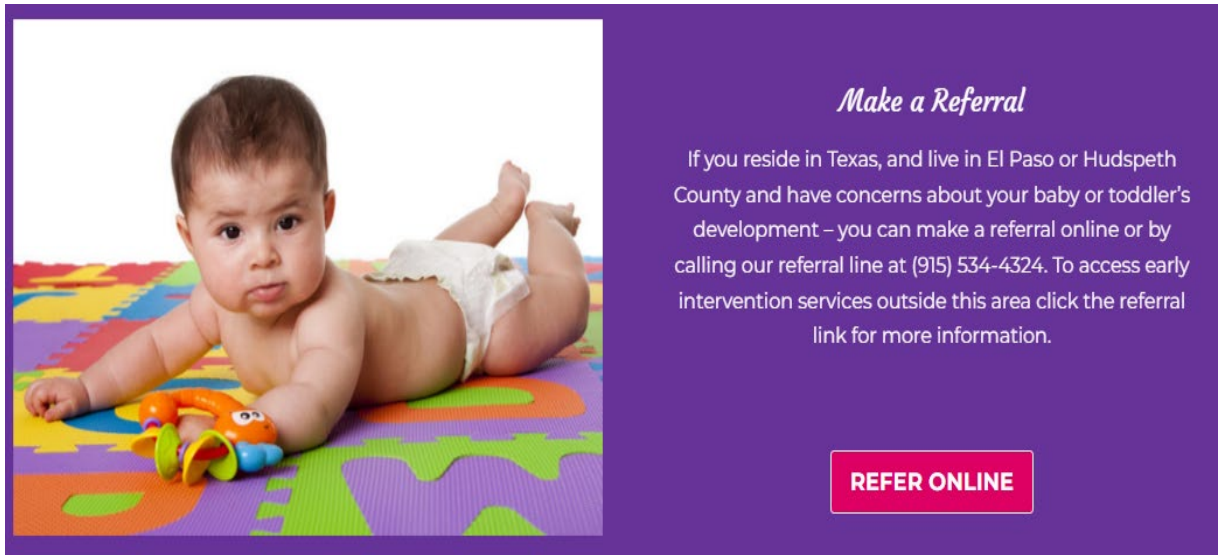
Early Childhood Intervention (ECI)

The Early Childhood Intervention program works in association with Texas Health and Human Services.

ECI encourages families not to take a "wait and see" approach to a child's development. As soon as a delay is suspected, children may be referred to ECI, even as early as birth.

- **Birth through 35 months:**
  Federal Regulation CFR Sec. 303.303 of Title 34 (Education) requires a provider to refer children under age three to Early Childhood Intervention (ECI) as soon as possible, but no longer than 7 days of identifying a child with a delay or eligible medical diagnosis, even if also referring to an appropriate specialist.

- **Ages 3 years and older**:
  The provider is encouraged to refer to the appropriate school district program, even if also referring to an appropriate specialist.



ECI Referrals can be made via

- Online https://www.elpasoeci.org/
- Fax 915-496-0750
- 24/7 referral line at 915-534-4324

TMPPM_Provider Manual_PDF Chapter_PT/OT/ST Services Handbook

METHOD for Counting Minutes in 15-Minute Units for Timed Procedure Codes

Billing Method for 15-Minute Time Procedure Codes

- **1 unit = 15 minutes** of billable service
- Total daily billable minutes ÷ **15 = units of service**

Rounding Rules:

- **> 7 minutes** = round **up** to 1 unit
- **≤ 7 minutes** = round **down** to 0 units

For Example: 68 total billable minutes/15 = 4 units + 8 minutes. Because the 8 minutes are more than 7 minutes, those 8 minutes are converted to one unit. Therefore, 68 total billable minutes = 5 units of service.

- **68 minutes ÷ 15 = 4 units + 8 minutes**
- 8 minutes > 7 → **add 1 unit**
- **Total = 5 units**

When providers are counting minutes for timed procedure codes, the time intervals for 1 through 8 units are as follows:

Units	Number of Minutes
0 units	0 minutes through 7 minutes
1 unit	8 minutes through 22 minutes
2 units	23 minutes through 37 minutes
3 units	38 minutes through 52 minutes
4 units	53 minutes through 67 minutes
5 units	68 minutes through 82 minutes
6 units	83 minutes through 97 minutes
7 units	98 minutes through 112 minutes
8 units	113 minutes through 127 minutes

TMPPM_7.2.1 Method for Counting Minutes for Timed Procedure Codes in 15-Minute Units

Friendly Reminders

🛑 Please Do NOT

- Request evaluation/re-evaluation codes on prior authorizations dated 8/1/23 or later
- Submit all disciplines on one request
- Re-use the same order from previous authorizations
- Bill a therapy CPT and an evaluation CPT code for one evaluation assessment
- Bill two initial eval codes for the same discipline for the same patient within 3 years
- Request un-payable codes
    - For example: Submission of G0283 and 97010 are not payable and should not be included on the prior auth request. These will delay authorizations.

📄 Additional Guidance

Please review the TMPPM requirements for:

- Chronic vs. Acute
- Initial vs. Recertification

Re-Evaluations

60 days vs 180 day

Therapy Type	Re-Evaluation Allowed Frequency	Must Include with...	Timing
Acute	Once every 60 days	Recertification	Within 60 days before auth ends
Chronic	Once every 180 days	Recertification	Within 60 days before auth ends

Additional Notes

- Evaluations are untimed CPT codes; they're reimbursable once every three years to the same provider.

- Make sure the authorization number is reported accurately
  - Small typos (extra digits, missing digits, incorrect characters) can cause denials
- Review any updated or revised authorizations before submitting claims
- Incorrect or mismatched authorization details may result in claim denials
