Contracting and Credentialing

Credentialing Verification Organization

El Paso Health utilizes Verisys as the credentialing, recredentialing and provider data management company.

- **Initial Credentialing** – Providers will need to submit a Demographic form, a W-9 and the Credentialing Application for Organization.

- **Recredentialing** - Providers will receive notifications from Verisys for re-credentialing 6 months prior to due date.

- For more information, visit our website www.elpasohealth.com, select Providers tab, Provider Support then Contracting and Credentialing.

Credentialing and Contracting Process

- Credentialing Completed via Verisys

- Contract or Amendment Sent to Provider for Signature

- Provider Signs and Returns to Credentialing & Contracting Department

- Agreement Executed

- Provider Becomes In-Network

Note: The credentialing process may take up to 90 days to complete depending on the responsiveness and documentation accuracy.

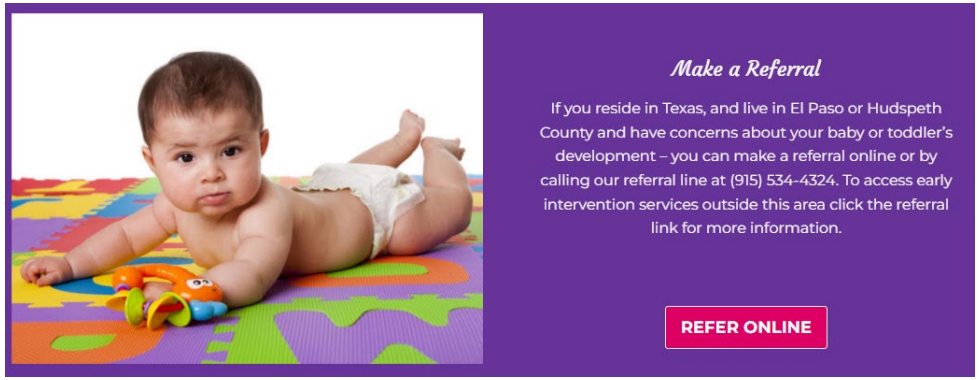
Early Childhood Intervention (ECI)

The Early Childhood Intervention program works in association with Texas Health and Human Services.

ECI encourages families not to take a "wait and see" approach to a child's development. As soon as a delay is suspected, children may be referred to ECI, even as early as birth.

- **Birth through 35 months:**
  Federal Regulation CFR Sec. 303.303 of Title 34 (Education) requires a provider to refer children under age three to Early Childhood Intervention (ECI) as soon as possible, but no longer than 7 days of identifying a child with a delay or eligible medical diagnosis, even if also referring to an appropriate specialist.

- **Ages 3 years and older**:
  The provider is encouraged to refer to the appropriate school district program, even if also referring to an appropriate specialist.



ECI Referrals can be made online, via fax 915-496-0750 or on the 24/7 referral line at 915-534-4324.

ElPasoHealth
HEALTH PLANS FOR EL PASOANS. BY EL PASOANS.

Timely Documentation = Timely Therapy Treatment

Attention Primary Care Providers: To ensure EPH Medicaid and CHIP members receive the therapy services they need without delays, it is critical to send required request documents to therapy providers as soon as possible.

Why it matters:

- **Therapy services (PT, OT, ST) require prior authorization.**
- **Missing or late documents can delay critical treatments.**
- **Timely care means better outcomes and healthier futures.**

What You Can Do:

- **Submit all evaluation referrals and supporting medical records promptly.**
- **Respond quickly to any requests for additional documentation.**
- **Double-check that forms are complete and signed before sending.**

Quick Tips for Success:

- **Assign a point person to track therapy requests.**
- **Set a standard goal to send documents within 48 hours of request.**
- **Communicate directly with therapy providers if questions arise.**

If you have any questions or concerns regarding this communication please contact our Provider Relations Team!

www.elpasohealth.com

- A Fax Blast Reminder was sent to all EPH Primary Care Providers (PCP) on April 30th 2025, emphasizing the importance of submitting timely documentation to therapy companies in order to avoid delays when authorizing services.

- To access provider communications, please visit our website at www.elpasohealth.com.
  1. Click on the **Provider** tab.
  2. Under **Provider Resources**, select **Provider Materials**.
  3. Scroll down to **Provider Updates** and select **Provider Update Archive**.
  4. From there, click on the **Provider Communications** tab.

CLIA Implementation DELAYED – CLIA Certification Requirement in PEMS

MEMORANDUM

El Paso Health
HEALTH PLANS FOR EL PASOANS. BY EL PASOANS.

☒ STAR ☒ CHIP ☒ STAR+PLUS

TO: Valued Providers
FROM: El Paso Health
DATE: 06/02/2026
RE: **CLIA Implementation DELAYED – "CLIA CERTIFICATION REQUIREMENT IN PEMS"**

The Health and Human Services Commission (HHSC) requires all Texas Medicaid and CHIP Managed Care Organizations (MCOs) to verify that providers billing for laboratory services maintain active and appropriate Clinical Laboratory Improvement Amendments (CLIA) certifications within the Provider Enrollment and Management System (PEMS).

Mandatory Implementation has been DELAYED

To prevent provider impact, the June 1, 2026, CLIA implementation to complete any necessary changes for EPH claim systems to accommodate the CLIA hard edit to start denying claims that lack the appropriate CLIA certification based on PEMS data has been delayed until further notice. As a result, the CLIA attestation deadline of June 5, 2026, has also been delayed.

HHSC has not yet determined a new effective date for when EPH will be required to start denying claims that lack the appropriate CLIA certification based on PEMS data. The current estimate is to delay the CLIA implementation for at least three months. HHSC will provide a new implementation date in the future.

Updating CLIA Certifications in PEMS is still Required

Providers can update their CLIA information in PEMS through PEMS Maintenance – License transactions, PEMS Existing Enrollment transactions, or PEMS Revalidation transactions.

- If providers are disenrolled, they must update their CLIA information through a PEMS Reenrollment request.
- If providers are enrolled and outside of their revalidation window, they can update it through a PEMS Maintenance or PEMS Existing Enrollment request.
- If providers are enrolled and within their revalidation window, they can update their CLIA information through a PEMS Revalidation or PEMS Maintenance request if they have not yet submitted a Revalidation application. Providers that have already submitted a Revalidation application cannot access a PEMS Maintenance request.

For more information about updating CLIA certifications in PEMS, refer to www.tmhp.com/topics/provider-enrollment/pems/licenses.

Updating CLIA Information During Revalidation
Providers must update their CLIA information during their provider enrollment revalidation by providing the relevant information on the **License/Certification/Accreditation** tab in PEMS.

Providers can verify their revalidation date and enrollment information in PEMS. A provider can complete their revalidation up to 180 calendar days before their revalidation due date. For more information, visit How to Apply for Enrollment | TMHP page on tmhp.com, click on **Determine Your Application Type**, and scroll to the **Revalidation** heading.

If you have any questions regarding this communication please contact our Provider Relations team at 915-532-3778 or email us at ProviderServicesDG@elpasohealth.com

TAKE CHARGE of YOUR HEALTH

Find the care you need, when you need it. Put these plans in place, and you can save time and money while staying well.

1. Find a Primary Care Provider (PCP)

- Your PCP should be your first call when you get sick or need a screening or test.
- Your PCP is someone you can trust who knows your needs and works with you to meet your goals.
- Use this link to find a PCP right for you.

Where Should You Go for Care *for You or Your Child?*

Primary Care Provider (PCP)

Call or see your PCP for regular medical problems and most urgent care needs.

- Check-ups or physicals
- Flu shots or other vaccines
- Medication refills or changes
- Routine tests
- Common illness
- Health advice
- Referral to a specialist
- Your regular medical problems
- ...and most things on the urgent care list!

Call your PCP about:
- High fevers

It's NOT an Emergency, Where Do I Go?!

Emergency Rooms (ER) are becoming more crowded and, as a result, patients are having to wait longer for care. It is important to know that most problems are not emergencies. They can be treated in your doctor's office or at an after- hours night clinic. Night clinics and urgent care clinics provide treatment to illness and injuries that are not emergencies but need treatment the same day. They also provide quality treatment with less wait time than an ER room.

It is important to know when to go to the ER as it could save your life. But when a problem is not serious, it is better to treat your illness at home, or see your primary care doctor.

Examples

When to go to the ER

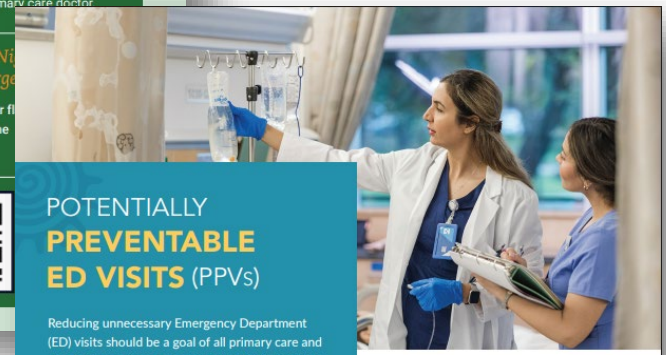
- Broken bone(s)
- Chest pain
- Severe burns
- Risk of hurting self or others
- Cannot breathe
- Head or neck injury
- Severe bleeding

When to go to a Ni or an Urge

- Cough
- Diarrhea
- Vomiting
- Cold or fl
- Earache

Where can you go?

Scan the QR Code to find your nearest in-network urgent care center or night clinic



POTENTIALLY
PREVENTABLE ED VISITS (PPVs)

Reducing unnecessary Emergency Department (ED) visits should be a goal of all primary care and specialty practices. Unnecessary ED visits burden the health care system as they are costly and consume resources that other individuals with more acute needs may need.

How can our providers help reduce PPVs?

- Inform and educate patients.
- Provide post ED follow-up.
- Offer After Hours availability. Providing 24/7 access to advice about urgent and emergent care.
- Offer alternatives to regular face to face visits with physician, such as telehealth.

What is El Paso Health doing to support members?

- Supportive Case Management Program
- Text messages to members identified with no history of PPVs that would typically get excluded from Case Management target.
- Transportation services
- 24-hour, 7-days-a-week access to Behavioral Health Crisis line.
- 24-hour, 7-days-a-week access to FIRSTCALL, a bilingual Medical Advice Infoline staffed by nurses, pharmacists, and a Medical Director on call.

Up to date night clinic and urgent care fliers are available on the EPH website.

72 Hour Emergency Prescriptions

- 72-hour emergency overrides for prescriptions apply to:
  - non-preferred drugs on the preferred drug list, or
  - drugs that are subject to clinical prior authorization

- A 72-hour emergency supply allows the pharmacy to dispense a three day supply of medication in order to allow the prescriber time to submit a Prior Authorization (PA) request.
- If the prescribing provider cannot be reached or is unable to request a PA, the pharmacy should submit an emergency 72-hour supply override.
- Pharmacies will be paid in full for 72-hour emergency prescription claims; there is no cost to the member.
- Pharmacies may refer to the Pharmacy Provider Procedure Manual for additional information and requirements.

Community Connection Unit

According to CMS, Health Equity means the attainment of the highest level of health for all people, where everyone has a fair and just opportunity to attain their optimal health regardless of race, ethnicity, disability, sexual orientation, gender identity, socioeconomic status, geography, preferred language, or other factors that affect access to care and health outcome.

El Paso Health is committed to eliminating barriers to improve and maintain our member's health. The implementation of the Community Connection Unit to address Non-Medical Drivers of Health NMDOH also commonly known as Social Determinants of Health, will help us identify disparities related to the following:

NMDoH and Z-Codes

El Paso Health

Addressing NMDoH is a critical factor in reducing health care disparities.

Providers can assist and support patients facing social challenges by:

- inquiring about their social history,
- providing guidance, and
- referring them to support services, including referrals to El Paso Health.

- El Paso Health encourages the documentation of patient/member social needs identified during the appointment or assessment and the submission of appropriate ICD10 Z-codes when NMDoH needs are identified.

Special Investigations Unit (SIU)

SIU Team Purpose

Texas requires all Managed Care Organizations like El Paso Health to establish a plan to prevent and detect Waste, Abuse, and Fraud (WAF).

This plan is carried out by El Paso Health's Special Investigations Unit (SIU).

El Paso Health SIU Team conducts monthly audits of our network providers and members.

We will request Medical records for review to prevent FWA in accordance with Texas Administrative Code.

El Paso Health

THE HEALTH PLANS OF EL PASO FIRST

What We Look For

When we are auditing claims we identify several factors which include:

- **Documentation**
  - Mandatory two patient identifiers on each page of the medical record.
    - Each page requires the patients name and Texas Medicaid number.
  - It is important to ensure the progress note is complete and signed by the provider.
    - Confirm all rendering providers are enrolled with TMHP.
- **Coding** – HCFA claim form reviewed (this list is not all-inclusive).
  - Dates of service (Box 24a)
  - Place of service (Box 24b)
  - **Rendering Provider (Box 24j)**
  - CPT/Diagnosis codes & Modifiers (Box 24d)
- **Authorizations**
  - When required, ensure authorization is obtained prior to the services being rendered.
  - Confirm the authorization has not been exhausted.

Medical Records Request

We will send providers the request for medical records as follows:

- 1st request faxed with a 4 week deadline.
- If no response within the first 2 weeks, a 2nd request is faxed and a call is placed to the provider's office to ensure receipt of the request.
    - Same deadline date applies as the first request.
- If no response within the 3rd week, a final request is faxed and contact with provider is made.
    - Same deadline date applies as first request.

Please make sure you and/or your Third Party Biller handle a records request with urgency.

Extension may be granted but they **must be requested in writing before the Records Request due date (email is an acceptable form of communication).**

Failure to submit records results in an automatic recoupment that is not appealable.

Missing Medical Records

It is important to send what is requested on the letter and adhere only the date (s) requested.

When submitting records, if any detail is left out, the entire claim may be recouped for insufficient documentation.

Some examples include:

- Omitted In/Out Times
- Initial Evaluations
- Medical History

When records are submitted providers will sign an attestation to the number of pages included.

After attestation signature, additional records will not be accepted.

EPH Audit vs External Audits

El Paso Health conducts it's own internal audits which are entirely independent of any external audit processes.

HHSC through the **Office of Inspector General (OIG)** and the **Office of Attorney General (OAG)** perform their own independent audits. El Paso Health is not involved in or affiliated with these audits.

Please verify the letterhead to determine which organization is requesting the medical records.

Corrected Claim Submission Reminder

HCFA (CMS-1500) vs. UB-04 (CMS-1450)

Form Type	CMS-1500	UB-04
Corrected Indicator	Box 22: Resubmission code = 7	Bill Type: 3rd digit = 7 (e.g., 117, 137)
Claim Reference	Box 22 – Use the claim number from the last processed version of the Claim	Form Locator 64 – Use the claim number from the last processed version of the Claim
EDI Location	Loop 2300, REF*F8	Loop 2300, REF*F8
Common Use	Office/Professional corrections	Hospital, SNF, Outpatient, Home Health
Do NOT	Submit as new or Appeal	Use original bill type (e.g., 131 instead of 137)

Key Reminders

- Corrected claims must be submitted within the timely filing deadline.
- Do not submit a corrected claim through the appeals process, unless instructed to do so.
- Claims submitted without proper formatting may be denied or treated as duplicates.

Note: *Submitting the same request multiple times through claims or appeals will not expedite processing and may result in delays or denials.*

Claim Reconsideration vs. Appeal – Key Differences

	Claim Reconsideration	Appeal
Purpose	Request to re-review a claim due to potential processing error	Challenge a denial or adverse decision based on medical necessity or policy
Focus	Administrative/technical issues (e.g., coding)	Clinical or coverage-related issues (e.g., service denial, level of care)
Initiated By	Provider	Provider or Member
Documentation Needed	Corrected Claim	Often requires medical records, provider letter, or peer review
Outcome Possibilities	Payment adjustment, claim approval	Overturn of denial, continuation of care, or upheld denial

Telemedicine Billing Reminders

Telemedicine Modifiers	
95	Synchronous Telemedicine Service Rendered Via a Real-Time Interactive Audio and Video Telecommunications System
FQ	Outpatient mental health services provided by synchronous telephone (Audio-Only) technology must be billed using modifier FQ
93	Synchronous Telemedicine Service Rendered Via Telephone or Other Real-Time Interactive (Audio-Only) Telecommunications System

Place of Service Codes	
02	The patients attend the telehealth appointments anywhere other than their own homes (e.g., a hospital or skilled nursing facility)
10	Telehealth services provided to patients who attend the appointments in their own homes

Note: Claim will deny if submitted only with modifier for telemedicine and invalid POS code or vice versa

EPH Claim Submission - CLIA Requirements

All providers that bill laboratory services must have a CLIA certification for the procedure code billed.

CLIA	CLIA Number Location Options	Servicing Laboratory Physical Location
CMS 1500 (Paper Claims)	Must be represented in field 23	Submit the servicing provider name, full physical address and NPI number in fields 32 and 32A. The rendering/servicing or billing provider address must match exactly to the address associated with the CLIA ID entered in field 23.
HIPPA 5010 837 (Electronic Claim)	Must be represented in the 2300loop, REF02 element, with qualifier of X4 in REF01	Physical address of rendering/servicing provider must be represented in the 2310C loop if not equal to the billing provider address. The servicing/rendering or billing provider address must match exactly to the address associated with the CLIA ID submitted in the 2300 loop, REF02.

If a provider bills for a procedure without appropriate CLIA certification, the claim will be denied
